Immersive (Immersive Media)

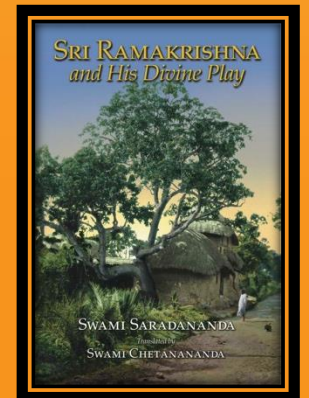

Intelligence (Generative AI)

Indianness (Indian Storytelling – Indian Knowledge Systems)

Indian storytelling is a diverse, ancient oral tradition blending music, dance, and drama to impart moral, religious, and cultural values. Key forms include religious, moral, dramatic, adventure and cultural fables. Passed down through generations, these narratives and stories serve as crucial tools for education, entertainment, and cultural preservation.

Sri Ramakrishna Divine Play Audio Book – Stereo Spatial Audio

- Stereo Audio invented in 1960 – 60+ years old technology
- Audio books of longer duration with Single person narration is monotonous after some time – AI will soon replace single person narrator audio books
- Alternative Approach – Multiple characters speaking (Sri Ramakrishna, Narrator, Naren, Girish, Mathur Babu...) in the audio version
- Soundscapes with Dakshineswar Temple bells ringing, Ganges flowing, Birds singing etc
- The audio will be presented in 360 Spatial Lossless Audio (Dolby Atmos), offering an immersive listening experience that simulates being in the center of the conversation
